

Remarks

This is in reply to the official action of May 4, 2007.

A request for a one month extension of time is requested and a check for the \$60.00 fee is enclosed.

It is noted with appreciation that the Examiner has indicated that Claim 13 (and thus all claims that depend therefrom) contains allowable subject matter.

The Examiner has rejected claim 13 and all claims depending therefrom under 35 U.S.C. 112 on the ground that it was not clear what was meant by "for receiving objects, to be suspended in the rack" because it was not clear if suspension means was lacking in the structure of the rack.

Suspension means is not lacking from the claims because it is clear that the frame itself is the suspension means.

Claim 13 has now been amended to make it clear that bags, not the objects, may be suspended from the rack and that the bags may be used for receiving objects. There is no longer any ambiguity whatsoever.

Claims 20 and 21 have been amended to change the dependency from "1" to "13".

New claims 25 and 26 have been added to specifically provide that bags may be suspended from the side parts.

It is therefore clear that all rejections and objections to the claims have been overcome and that all pending claims are now in condition for allowance, which action is courteously requested.

Respectfully submitted,

Michael L. Dunn
